

Straighterline and Walden University Transfer Guide

The following chart indicates Straighterline students who complete these courses/examinations and meet the requirements for admission to Walden may receive credit toward their Bachelor degree. **All credits will be converted to the equivalent value for Walden credit.**

Important Notes: Courses indicated on these tables will be fulfilled, but there may be outstanding credit. Walden requires that 45 of the last 90 quarter credits earned for a bachelor's degree be earned at Walden University. Transfer of credit is subject to change based on curriculum updates by academic leadership.

All courses noted below can also count towards lower level elective credits. No upper level elective credits will be awarded for Straighterline courses.

For Bachelor of Science in Elementary Education (BSEE) students only: Not all the Straighterline courses will transfer in to this program. Please see the BSEE only column below for appropriate equivalents.

Straighterline Course Number	Straighterline Course Title	Equivalent Walden Course and Title	Bachelor of Science Elementary Education (BSEE) only -- Equivalent Walden Course and Title	WU Quarter Credits	Dates Course is Valid

***If a 3000-level course is awarded in elective section it will be counted as lower level only.**

Students may only receive transfer of credit if the course is completed during the dates in which it is offered / valid.

BSEE: Additional Science without lab option must be different than the Science with lab option (example BIO 201 and 201L cannot count for both Science lab and no lab credit)
